

## **Prayer of trust**

Good God,

I don't understand how things are connected

but I trust you.

I can't see a way

but I know you make a way

where there seems to be now way.

I deeply believe that you are touching hearts right now,

open doors right now

and that you string together chances so I may take them.

Even if everything looks dark and empty at the moment,

I trust in you that soon my dawn will break.

Amen
